

Park free in either of the spacious and secure car parks – they're shown on the map here and easy to reach – then hop on the comfortable buses that quickly ferry you into the centre of town every 20 minutes.

Times of first buses in and last buses back are in this leaflet, together with low-cost fares – just pay the driver when you get on the bus in cash or contactless. And remember to keep your ticket safe to show the driver on the return ride.

Or pay in advance on the app – even easier!

Both sites have enclosed waiting areas and toilets with baby changing facilities.
